About Beauty with a Cause: Beauty with a Cause (b-cause) is committed to offering women natural cosmetic options. Many women are unaware of the harm they are doing to themselves through the daily lifelong usage of cosmetics containing synthetic and damaging ingredients. B-cause seeks to educate women on the harmful side effects of modern day cosmetics as well as offer affordable, simple and natural alternatives. All products sold by b-cause are either hand-crafted or purchased from small independent businesses. Products include mineral makeup, hair and face care, and lotions. Products have never been tested on animals.

In addition, Beauty with a Cause is committed to the environment. Wherever possible, b-cause recycles, purchases sustainable products, buys from fair trade companies, and minimizes packaging and printed material. B-cause is also committed to helping women heal. Ten percent of the profits from sales go to support the breast cancer ovarian cancer and scleroderma research foundations.

You can find b-cause products at our website – [www.beautywithacause.com](http://www.beautywithacause.com). Products are also available for fundraising campaigns. Please see our website for more details.
